BOARD OF EDUCATION

Routine Business Transacted—Teacher's Applications Received—New Walk For Jefferson School.

The board of education met in regular session Monday afternoon. Members Birkenhead, Rutledge and Walton being present and Acting Mayor Hildreth presiding. Properly approved bills were ordered paid. The applications of Misses Ella Cannon, Bessie Wood and Georgia Hutchinson for positions in the schools were received and placed on file. J. N. Johnson of New York City was present and asked permission from the board to give a series of writing lessons to teachers and pupils after school hours. Mr. Johnson presented recommendations from a large number of cities in the east where he had worked successfully. The matter was referred to the superintendent of schools for his action. The clerk of the board was authorized to ask the several banks of the city for bids on furnishing the money which will be needed a little later to pay anticipation warrants. Last year the board began to anticipate in August and this year it will be in October.

The report of the clerk and treasurer were received showing a balance on hand of \$1,106.11. Member Birkenhead was authorized to receive bids and proceed with the construction of a walk twelve feet wide and sixty feet long needed at the south side of the Jefferson school building.

The resignation of Miss Sadie DeCastro as teacher in the second ward was accepted and Miss Mary Baxter was appointed to fill the vacancy. George R. Paxton presented a communication to the board offering floor oil for the schools at 25¢ per gallon. The proposition was received and filed as the board does not need oil at present. The board decided to employ L. E. O'Donnell to install the new machinery purchased some time since for the domestic science department of the high school. The question of school books came up again and the board decided to substitute Foundation Lessons in English and Wisleys English Grammar for Mother Tongue Books 1 and 2. Members Birkenhead, Rutledge and Walton voted in favor of the change.

The olio or second part was of a high order and the company has a number of first class artists of a versatile character.

GOOD NEWS

Many Jacksonville Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Jacksonville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is had no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Veteran John Grogan, of 561 North Prairie street, says: "I had heavy distressing pains through my loins and kidneys which the doctors called lumbago. I was very susceptible to cold and the least attack settled right in my back and made stooping or lifting very painful. The kidney secretions became irregular and at times distressing and I frequently suffered from attacks of dizziness. Ordinary remedies did not seem to have the beneficial effects they should. I got nothing to give me lasting relief until hearing about Doan's Kidney Pills. I got a box at Dr. Lee Hatch's drug store and began their use. I soon commenced to feel better and after a remarkably short treatment the pains and aches had all left me. I have felt splendid since and years younger than I did."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

FREQUENT HOLD UPS.

Complaints are being made that frequent hold ups have occurred in the neighborhood of the laborers' camp near Murrayville on the Illinois-Murrayville cut off. It seems that persons driving to and from their homes have been ruthlessly halted on the highway and compelled to surrender the contents of their pockets, books and other valuables. So far as has been learned no acts of violence have accompanied these robberies. The matter is being investigated by police authorities in the south part of the county.

When such men as P. D. Megginson are willing to take the office of county commissioner with all that implies, its labors, duties, vexations and cares, it is an honor to the public and a good token for the people who have the bills to pay. Mr. Megginson is a man who has made a fine success of his own business while his reputation in the entire community is most enviable. His word is just as good as a mortgage on all he owns, while his judgment is sound and practical and his experience most valuable. During his previous incumbency of the office every act was in consonance with his high purpose to do justice to all, show favors to none and ever seek the best interests of the county whose citizens he was representing. He has been twice elected and will be again if the voters are wise.

DELIGHTFUL CONCERT.
The choir of the Mt. Emory Baptist and Bethel A. M. E. churches gave a delightful concert in the former church Monday evening, assisted by Miss Hyrdia Male Boyd and Mallory Bros. & Brooks. There was an audience of fair proportions present and the excellent numbers were well received. The "Inflammatus" by Miss Boyd and a chorus of twenty-five voices was the most pretentious number on the program and was a splendid production, while the numbers by the Mallory Brothers and their wives were received with the usual favor. The program was as follows:

Mrs. Nelson.

A MOTHER'S JOY.
When the pride and joy of a mother's heart—her child—commences to waste away and decline, the feelings of that parent may be easily imagined.

This is what Mr. and Mrs. Moeschel, 2014 Vine street, Cincinnati, Ohio, have to say of their little boy, Stanley:

"For the past two years our little son, now nearly 4 years old, was growing weaker and thinner each day. Dark circles formed around his eyes, his lips became pallid, he grew nervous and had the habit of constantly picking his nose. He was very restless and in his sleep often gritted his teeth. Sometimes he was ravenously hungry, and at other times the very sight of food sickened him. His stomach would bloat and he also suffered from constipation. He received the best medical attention and tried the different so-called worm medicines, but instead of getting relief he grew steadily worse. A friend suggested Quaker Herb Extract. We purchased a bottle, and our child after taking it only a short time, passed an immense tape worm measuring 37 feet, 6 inches. He is now growing stronger, gaining in flesh and feeling better than ever. We are proud to acknowledge to the world that Quaker Herb Extract saved the life of our son."

This medicine has proved all claims made for it by the Great Dunn. Quaker Herb Extract is for sale at Armstrongs' drug store, or your local druggist.

JACKSONVILLE AT DANVILLE.
Calro at Mattoon.
Paducah at Vincennes.

Danville, Sept. 3. (Special) The first game was won to day by the locals on Hage's error, and the second game was forfeited to Danville by Umpire Bush, who charged the Jacksonville players with endeavoring to delay the game. Belt objected too strongly to a decision at the home plate and the forfeit followed. The crowd mobbed the ticket office, demanding their money back and in order to pacify them an exhibition game was played. In this game, Hughes while running bases broke the small bone of his ankle and will be out of the game the remainder of the season. The game was a farce, the score standing 11 to 1 in favor of Danville.

The feature of the first game was the pitching of Patrick for the visitors. He struck out ten men and allowed but three hits. Christman was also in good form, allowing but five hits. Danville's lone run was made in the sixth. Patrick walked Headline, who stole second and then stole third while Patrick held the ball in his hand. Patrick woke up and threw to third the throw getting away from Hage, and Headline scored. In the ninth Jacksonville had a chance on two hits, but lost by poor base running. Berte got a hit, Hackett laid one down and Lotshaw sacrificed. Berte being caught at third, Hughes then lined one out and was out for cutting bases. The score:

Team	R.	H.	E.
Jacksonville	0	5	2
Danville	1	3	1

Batteries—Patrick and Belt; Christman and Ott.

SECOND GAME.

In the afternoon game Fox and Holy-cross were to be the opposing pitchers. Bush was giving the visitors the worst of it on balls and strikes, and the Vets piled up five runs in the first inning. A decision at the home plate aroused Belt to a more vigorous protest and a protracted argument ended in Bush giving the game to Danville.

As soon as the game was forfeited the crowd of 800 people made a rush for the ticket office, and the situation looked bad for a while. It was agreed that an exhibition game be played, but this proved a farce. Belt refused to fire his pitchers in the game and after Fox had pitched a few innings put "Swi" Thompson in the box. The accident to Hughes happened in a play at first. "Dummy" was running bases and was playing off first. On a throw of the pitcher he endeavored to recover the sack and in so doing struck the base in such a manner as to fracture the small bone of his left ankle. A surgeon was at once called, and he was later removed to the Aetna hotel, where the players are quartered.

Holy-cross and Fox will be the opposing pitchers to day.

Second game—

Vincennes	0	7	0

Batteries—Wright and Taylor; Perdue and Matteson. (Game called in twelfth inning; darkness.)

SUNDAY GAME.

The last game with Paducah was played Sunday afternoon and again Jacksonville won by a score of 6 to 0. A double header was called but rain made necessary the calling off of the second game after the first half of the first inning as showers during the next half hour made playing impossible.

The rainy, threatening weather did not materially lessen the attendance for over a thousand people saw Hackett pitch the headiest game yet played on the home grounds this season.

Although Paducah made ten hits, the same number Jacksonville made off Miller, yet they were unable to get a man across the home plate, while six Jacksonville men made the circuit safely.

he can do thinking enough for the whole team when necessary and his conduct and methods have made him a prime favorite with the fans and he got his share of the applause.

The grounds were heavy and playing was difficult, yet the game abounded in brilliant plays at intervals. Hage's jump and catch of a hot liner and Taylor's long run and catch of Berte's apparently safe hit were both phenomenal plays. The score:

It is from ripe olives that the purest of olive oil is made. Allowed to remain on the trees until fully matured, receiving all the nourishment and sap that nature intended they should, the hundreds of little cells being filled with pure oil, which is and has always been so highly recommended by the medical faculty. Many are able to eat ripe olives that cannot tackle the green, the taste being so different. Of all the delicacies that nature has given to man, Ripe Olives are certainly the best. LABOR DAY WAS CELEBRATED WITH

PROGRAM OF INTERESTING EVENTS AT FAIR GROUND

Crowd Was Immense Despite Threatening Weather Conditions of Morning—Races Were Close

Day Was Success From Every Standpoint.

The friends of united labor five thousand strong gathered at the old Morgan county fair grounds Monday to celebrate the day which is set apart each year as a recognition by the employer of the employee. Practically no one went out of town for the day, but all joined at the festivities prepared by the Trades and Labor Assembly. The morning appeared unpromising, the dark clouds hanging low, but hundreds journeyed to the west end of the car line, and when in the afternoon Old Sol again deigned to show his smiling face, the street car system was taxed to its greatest resources, and the cars were run in trains all the afternoon, each train being crowded to the guards. Five minute service was maintained until late in the evening. An elaborate program had been prepared for the day, including athletic and other events, baby show, races, horse show, etc., but because of the unfavorable condition of the morning, a number of the events were declared off. There was enough doing, however, to keep the crowds busy and no complaint was heard.

The old fair grounds resembled the scene of a county fair when at its height, with great crowds of people, hawkers selling different kinds of wares, the soup stand, Merry-go-round, with the horse racing, show ring and other features. Everybody too, appeared to be filled with the spirit of the day, and good natured raillery was heard on every hand.

The various contests were won as follows:

Boys' race—Won by H. Woodman; M. Cosgriff second.

Bicycle race—Won by M. Cosgriff.

Backward race—Won by T. Watson.

Tug of war—Won by team captained by M. Cosgriff.

Largest family, and largest family of girls—Mrs. Saunders Nunes.

Slow made race—Won by Harry Frier.

Noxvety race, harness, hitch and go a mile—Won by George Spahn, Winchester; Harry Wood, second; Oliver Ham, third.

HOUSE SHOW.

The judges of the horse show were Charles Rafferty, James Caywood and J. H. Roberts. Prizes were won as follows:

Best pole team—Won by J. W. Woods, D. E. Kennedy second.

Best single driver—Won by Frank Lohman.

Best single turnout—Won by Frank Lohman.

Best lady saddle—Miss Pearl Taylor.

BABY SHOW.

The judges of the baby show were A. E. Deatherage, Charles Hunter and Louis Gause. There were many entries and the prizes were won as follows:

Prettiest baby girl—Mildred Ragau; second, Frances Fielder.

Prettiest baby boy—Edgar Heimlich; second, Walter Edgar Ryan.

THE RACES.

The races were in charge of Charles Rafferty, Gaines Greene and Ollie Parker, judges; J. W. Woods, Wm. Benson and Oliver Ham, timers; and Dr. J. W. Sperry, starter. There were two races on the card, the green trot and the free for all pace. Both

were excellent events, there being five starters in the former and four in the latter.

In the green trot the starters were Indian Girl (Masters), Hande S. (Sibert), Rosella Thomas, (McGinnis) Bernuda Girl, (Killen) Brawnie, (Massey). The first two heats were taken by Hande S. in good form, and then to the surprise of all the Killen mare took the next three. The summary:

Bernuda Girl	2 2 1 1 1
Hande S.	1 1 2 2 2
Indian Girl	1 1 3 3 1
Brawnie	3 1 5 1 3
Rosella Thomas	5 1 5 1 5

Time: 1:23; 1:24; 1:24; 1:24; 1:24.

The greatest interest of the afternoon was in the free for all pace, and this proved to be a fast contest.

The starters were Diamond Wilkes, (Woods) Lady J., (Joricho) Motor Jr. (Craig) and Grace Cannon, (Cannon). It proved to be a hot race between Lady J. and Motor Jr., but the latter kept her feet badly, and despite hard driving by Craig, Joricho's mare took the race in straight heats, the first heat being paced in 1:06½ in spite of the track being very slow. Summary:

Lady J.	1 1 1 1 1
Motor Junior	2 2 2 2 2
Diamond Wilkes	3 3 3 3 3
Grace Cannon	1 3 1

Time: 1:06½; 1:08; 1:09.

FREE DANCE.

The Labor day committee gave a free dance in the pavilion at Nichols park Monday evening. Several hundred couples were on the floor, and the evening was one of pleasure.

NOTES.

The committee for the day was composed of P. H. Longman, R. E. Pelham, Cicero McEvers and William Wilkinson. All did their parts faithfully and well, the chairman, Mr. Longman, being especially in evidence all day long. He was tireless in seeing that the event were all pulled off in order, and the seemingly impossible task he managed admirably.

Perfect order characterized the crowds at the fair grounds, and no unpleasantness of any kind was reported during the day.

Hundreds of gallons of burgoo soup were eaten or carried away in buckets, the supply being entirely exhausted before 6 o'clock.

A feature not advertised was the "slide for life" pulled off by Prof. Dahman. This gentleman had stretched a wire to the top of a tall tree, and by means of a pulley to which his foot was attached he slid to the ground, hanging by one leg. Following the feat he passed his hat and contributions appeared to be quite liberal.

Practically all the business houses closed at noon, and the square presented a deserted appearance until 6 o'clock, when the crowds began to return to the city.

The race track was very slow, the back stretch being especially muddy. Another thing which hindered the races was the persistence with which the crowds held the track, which made many of the horses break in scoring.

Several bad accidents were narrowly prevented during the day. There were two on one train of street cars which ran to the grounds about 2:30. At about Westminster street a small boy attempted to jump the trailer while it was in motion and missed his footing. He was being dragged under the wheels and would inevitably have lost a foot had not Capt. Cooper, who was standing on the front end of the trailer, grabbed him by the arm and held him until others assisted in pulling him to safety.

On another car a moment later a man lost his hat, and jumped headlong in the direction opposite that in which the car was going to rescue his "lid." He was promptly twisted into the shape of an "S" and his head brought into sudden and violent contact with the pavement. He regained his feet, however, and resumed his place on the car. At the fair grounds a boy was turned head over heels by being struck by a vehicle, but was apparently little hurt.

GOLF CONTEST

Egan's Team Won Olympia Cup at St. Louis.

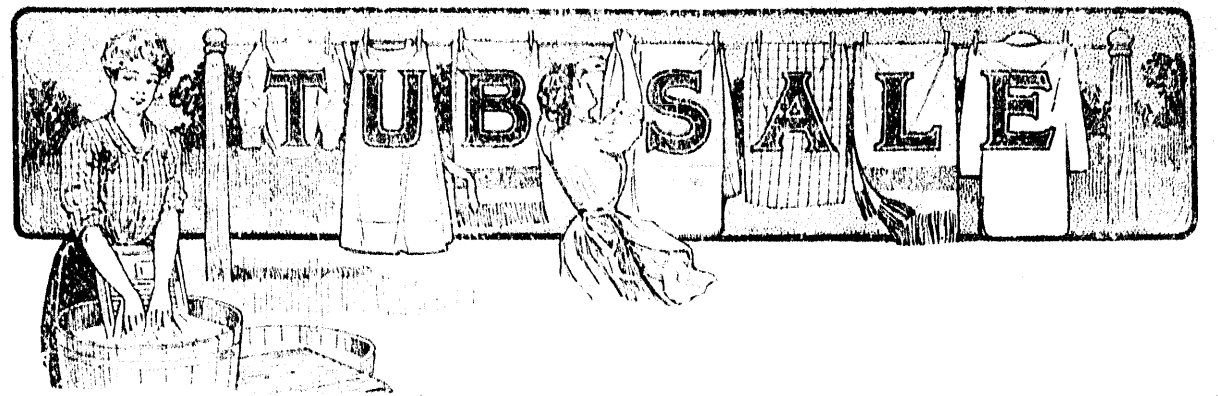

St. Louis, Sept. 3.—The Western Golf association team, captained by H. Chandler Egan, formerly national and present western champion, won the Olympic cup team championship to day on the course of the Glen Echo Country club with the score of 635 strokes. Western Pennsylvania, defender of the cup, was second, with 641; St. Louis, third, 656; Missouri, fourth, 670; Trans-Mississippi, fifth, 681; Nebraska, sixth, 722.

Egan's playing was the feature of the contest, as he established a new competitive record for the course, getting 71 in the morning round. The former figure was 77, set by George S. Lyon during the Olympic championship contest in 1901. Egan, in the afternoon round, made 75, thus establishing a record for the thirty-six holes of 146.

SHOOTING AFFRAY.

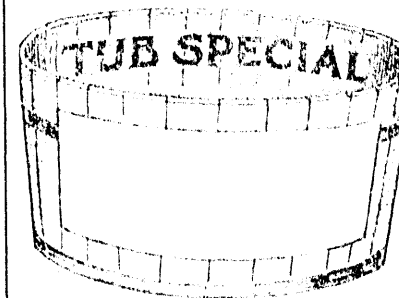

Bland Brown was shot Sunday afternoon about 2 o'clock by Dennis Konrad. The shooting took place in the old Russel lumber yard, and is supposed to have been accidental. The wound was in the fleshy part of the leg and is not serious. The whereabouts of Konrad is at present unknown, and no arrests have been made. Brown refused to discuss the shooting when questioned by the police.

Brown was removed to Passavant hospital where he was attended by Dr. Edward Bowe, and was later removed to his home.

HIS NINETIETH

MANY ASSEMBLE TO HELP UNCLE GEO. COONS CELEBRATE HIS BIRTHDAY

A Gala Day at the Hospitable Home of His Dutiful Son, Jas. P. Coons, a Few Miles Southwest of New Berlin.

The sacred writer said that the days of man are three score and ten and not many attain to four score and ten and then retain their faculties to such a wonderful degree as is the case with Uncle George M. Coons, who was 90 years old Monday. His children, other relatives and numerous friends deemed it wise and proper to celebrate such an event and right well did they succeed.

George M. Coons was born in good old blue grass Kentucky, Sept. 3, 1816, his home being Lexington, Fayette county. He comes of excellent stock and has right good reason to be proud of his ancestry. His grandfather, Frederick Coons, and all three, enlisted in the continental army and fought gallantly all through the war of the revolution. Mr. Coons' grandfather received from the government 160 acres of land and it was located right where the city of Lexington is situated and it is needless to add what he might have been worth or have left his family had they known what the future was to be. Mr. Coons' father was born on the home place and early in life entered the employment of the great Henry Clay and for that statesman, drove a team away to the classic soil of Virginia where he met a blooming fascinating lassie named Margaret J. Grimsley and proceeded with excellent sense to fall in love with her. This feeling was sensibly reciprocated by the handsome young lady and the twain were made one in March 1807. They lived on the home place in Fayette county, Kentucky until 1817, when they moved to Frankfort, where they remained eight years and then decided to seek their fortunes in the Sucker state. No railroads were at hand then to transport them in a day. No fast freights were ready to haul their goods, but instead the slowly moving ox team with covered wagon was the means of locomotion and though it was slow it was sure. Wearily they dragged along over the prairies and through forests with no especial adventures though the howl of the wolf was sometimes heard while they were at camp at night but a good fire kept all marauders at bay. They had plenty of fresh air and lots of sunshine while rain and mud were by no means lacking but none of these things daunted the sturdy pioneers and in due time they landed at the home of a Mr. Conover whom they had known in Kentucky and who then lived about six miles north of the present village of Litterberry.

Next day the father set out to find a place and located on a farm southwest of Litter, and since owned by Jerry Henderson, and now by P. Litter, where they lived till 1844, when the mother died.

The history of the family is like that of so many others who helped make this country what it is. Uncle George well remembers the famous deep snow and probably has a better recollection of it than almost any other person now living though Uncle Septimus Stevenson can tell all about it from memory too. The old log cabin supplied the dwelling place and there far more generous hospitality was dispensed than in the stately mansions of the present day. The fare was plain but it was seasoned with good appetites and sturdy health and made vigorous men and women. Guests were invited to a bed on the floor in the living room or in the loft, climbing ladders to their resting places, but slumber was sweet and rest perfect. They saw the forests disappear and the wet prairies change from swamps to fertile fields while in time the cabins gave way to more pretentious dwellings. Whole volumes might be written of those days but they have many times been described and the story need not be repeated here.

April 4, 1844 Mr. Coons was married to Nancy J. Sturges who passed away Sept. 9, 1861. He bought a farm the year after his marriage, a mile and a half southeast of Litterberry, where he lived for nine years, when he sold out and moved to Sangamon county and purchased a beautiful place southwest of New Berlin, remaining on it until 1867, when he retired from active work and has since made his home wherever inclination dictated, well knowing he was heartily welcome in the residence of any of his children or other relatives.

His family consisted of William G. J. R., J. H., Margaret J., Mary E., first wife of John W. Crum; Sarah, wife of William Dunlap, all of whom are dead, and Benjamin T. of Nebraska, who was born April 10, 1826, being ten years younger than his Illinois brother. He was on hand with his son, James, and daughter, Nancy.

Mr. Coons' children were James P., Mrs. Mary J. Robinson of Los Angeles, Cal.; Mrs. Annie McChittin,

deceased; J. Alfred, deceased; Jesse, who lives in Virginia; John Hardin, deceased; Alice, wife of James R. Stice of this city; Mrs. Sarah E. Dunsoth of Waverly, and Martie, who lives five or six miles east of Jacksonville. He also has seven grand children and four great grandchildren.

THE CELEBRATION.

The celebration took place at the beautiful home of Mr. Coons' oldest son, James P., some four miles southwest of New Berlin, and it was truly an ideal place. In front of the house is a noble grove of imposing trees covering several acres and presenting an attractive appearance. The house itself is supplied with many conveniences and is a model country home, while the broad and rich acres surrounding it show how well the head of the house is fixed with the goods of this world.

Early in the morning the guests began to arrive and in fact some of the relatives were on hand the night before like the boy who sat up all night so as to be up early next morning. All were cordially welcomed and well cared for and none were more active and spry than Uncle George himself. He seemed to be everywhere at once, shaking hands with every arrival and planting a good, hearty smack on the lips of every lady and girl who appeared, and it is safe to say that to all it was grateful. Near him was his brother, Benjamin, from Nebraska, and with all respect to the man from the west it may truly be said that while Uncle George is ten years the older he really appears younger. This he partly attributes to his temperate life and habits. No stimulants of any kind and no tobacco find their way to his mouth, while he is regular in his habits of all kinds and with a good constitution and a clear conscience, there is no reason now apparent why he should not remain a hundred. There was no set program but all had a fine time. Hearty hand shakes showed how well pleased each was to see the other and the distances some came indicated the interest taken in the good man who has so long lived in this world. Knots gathered under the large trees or on the grass about the house while ladies and children were all made welcome and happy. Mr. and Mrs. J. P. Coons, the host and hostess of the day, were untiring in their efforts for the happiness and welfare of all and they were assisted by relatives and neighbors so that no one was neglected and if any one failed to have a good time it was surely his or her own fault. Many busy hands helped in the preparations for the day and genuine good cheer was the universal rule. Many of the guests brought presents so that Uncle George will have numerous little tokens of the happy day.

Of course all brought along good appetites and were ready for DINNER.

When the noon hour arrived, the guests brought well filled baskets, while skillful ladies received and prepared the beautiful repast. A table was set under the tree west of the house and was capable of seating a hundred people, while to describe all the good things on it would fill a column and then would fall short. Toothsome fried chicken, savory lamb, delicious roast beef, snowy white bread, celery, pickles, fruits, dozens of different pies, cakes in profusion, golden butter without artificial coloring, preserves and in fact all that heart or appetite could wish, with fragrant tea and coffee, lead tea, lemonade and milk helped assuage the thirst of all and the ice cream topped the list. At the head of the long table sat Uncle George and the hundred guests were arranged all along both sides. Attentive waiters saw to it that the wants of all were promptly supplied and there was no lack of vigor in the manner in which the guests attacked the bill of fare after the divine blessing had been invoked by Elder Bowen of Hersman. In front of Uncle George was a magnificent birthday cake, the handwork of his dutiful daughter, Mrs. James R. Stice, of this city. All were bidden eat and none hesitated to obey and after the first table had been cleared the others were invited to partake, so that all were satisfied. The Journal is under obligations for a box of delicious cake with a handsome slice of the birthday article and the partakers are able to compliment all the ladies in general and Mrs. Stice in particular. Everything went off all right and there seemed to be no possible cause for complaint on the part of any one. In all 253 persons ate and were filled and there was enough for more.

After dinner Elder Bowen of Hersman was called on and made some appropriate remarks. He told in a feeling manner of the good life and upright conduct of the man whose ninetieth anniversary was being celebrated. He spoke of the goodness of the Father in heaven in sparing the life of the one here so long and he expressed a hope that there would yet be birthdays to be celebrated and that in the end there would be a happy reunion on the other side of the river. He said a kind word to the young present and bade them remember the value of a good name and a life spent in an upright manner.

Uncle George also spoke briefly, thanking one and all for their presence and asking for them the best the world can give. He referred feelingly to the ones who have been so good to him and hoped they would have their reward both here and hereafter. Many were visibly affected by both addresses, for they were delivered by men profoundly respected and much beloved.

All who had any stomach space empty were invited to partake of delicious water-melons and with that and social converse the hours of the afternoon passed all too quickly and goodbyes began to be said as one vehicle after another was driven from the place.

S.S.S. KILLS THE GERMS OF SCROFULA

The laws of nature and heredity are fixed and invariable. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, weak eyes, hip disease, pale, waxy complexions, emaciated bodies, running sores and ulcers, and general weak constitutions are the principal ways in which the disease is manifested. Those who have inherited this blighting trouble may succeed in holding it in check during young, vigorous life; but after a spell of sickness, or when the system has begun to weaken and lose its natural vitality, the ravages of the disease will become manifest and sometimes run into Consumption. S. S. S. goes down into the circulation and forces out the scrofulous deposits, kills the germs and completely cures the disease. It changes the quality of the blood by removing all impurities and poisons and supplying this vital fluid with rich, health-sustaining qualities. S. S. S. is a purely vegetable medicine and is especially adapted to systems which have been weakened and poorly nourished by scrofulous blood. Literature on Scrofula and medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

It should be mentioned here that Uncle George is a deeply religious man and most of his life has been a consistent member of the Primitive Baptist church, to which organization he is much attached. Scarcely he is enjoying the evening of his days, made happy by the recollection of a well spent life and the loving attentions of his dutiful and affectionate children he is awaiting the summons of the Master whom he has long served. He can look into the gorgeous sunset in the western sky and feel that soon the golden gates of the New Jerusalem will open for him and he will join the throng innumerable around the great white throne.

POTTER HOME

Pleasant Social Gatherings in Honor of Golden Wedding Anniversary—Gift From Aid Society—Voice Recital by Miss Edith Anderson.

Mr. and Mrs. J. M. Potter in honor of their fiftieth wedding anniversary which was celebrated Sunday, invited the members of the Aid society No. 1, of the Central Christian church, of which society Mrs. Potter is a member, to spend Monday afternoon at their home on Grove street. There were over thirty present and a genuine social time was enjoyed. Misses Mary and Edith Anderson of Springfield were present and furnished some excellent instrumental and vocal music. Mrs. Potter was presented by the society with a handsome spoon with handle of golden rod design and upon which was engraved "Central Christian Church, 1856-1906." The presentation speech was made by Mrs. Anna Meyers to which Mrs. Potter graciously replied.

In the evening again a large number of friends and neighbors met at the home of Mr. and Mrs. Potter where they were royally entertained by Miss Edith Anderson, vocalist, accompanied by her sister, Miss Mary. Miss Anderson made her debut in vocal work last May in Springfield where she holds the position of soprano in the First M. E. church. She possesses a sweet voice of wide range, pleasing quality and good volume and her singing is always received with favor. Last evening proved no exception to the rule and many compliments attested the keen appreciation of her efforts. As an accompanist Miss Mary Anderson contributed in a large measure to the success of the musical numbers.

At both afternoon and evening gatherings delicious refreshments added to the pleasure of the guests.

BOYSILLINOIS METHOD
FOR TEACHING

Arithmetic Highly Complemented at Meeting of American Association of Deaf Instructors Held in Edgewood Park.

The American Association to Promote the Teaching of Speech to the Deaf was held at the Western Pennsylvania School for the Deaf at Edgewood Park, a suburb of Pittsburgh, recently. There were in attendance from the Illinois school, C. P. Gillett, Misses Eliza Kent, Edith Wyckoff, Ernestine Jastronski, Hetty L. Patterson, Belle Howard, Messrs. E. S. Heine and Asa A. Stutsman. A class of pupils selected from some of the primary grades were taken to demonstrate the method of teaching number work employed in the school here. The language of arithmetic is exceedingly difficult for the deaf to acquire, but the "Illinois Method" surmounts the difficulties to a remarkable degree, so much so that when the delegates to the convention saw what had been accomplished it is said their interest and enthusiasm was almost unbounded and they gave evidence of hearty approval and endorsement of the method.

Convinced that other schools for the deaf ought to have the benefit of the method Mr. Gillett determined several months ago, with the consent of the board of trustees, to take a class to the convention, and Miss Kent and Miss Wyckoff accompanied him for this purpose. Miss Kent presented an excellent paper upon the subject which was well received, and Miss Wyckoff conducted the demonstrations with the class.

A number of delegates expressed a desire to come to Jacksonville this fall to study the "Illinois method," and one delegate from Wisconsin, prominent in the education of the deaf, announced that an effort would be made to have a practical demonstration presented before the Wisconsin State Normal Institute next winter.

The remains were laid to rest in Jacksonville cemetery. The bearers were Moscow Sutton, George Lewis, Robert Pierson, Oscar Williams, Samuel Mitcheson and R. Hendricks.
